## GENERAL REMARKS

### ENGINEER'S REMARKS

Request for static IP assignment on NSD LAN. Will discuss with inmarsat/cisco as we do not have direct access to modify the NSD configuration.

Blocking zone set to 340-20 / 0-45 elevation to prevent transmission in the region of the bridge.

### CAPTAIN'S REMARKS

## SERVICE DETAILS

- ☐ Systems Training to Captain    ☐ Reboot Procedure Explained    ☒ Network Diagram Provided    ☐ Cables Labeled
